

Roma Duo Bean to Cup

Expertly engineered, the Roma Duo is a high capacity twin station machine combining proven technology with rugged dependability

Built with two separate brewers, the design allows both freshly ground coffee and fresh leaf tea to be served simultaneously from a single machine. Alternatively both stations can be configured to serve freshly ground coffee

Truly innovative, robust and stylish the Roma Duo can deliver up to 28 different drinks without compromising either quality or taste

Standard Features Include:

- Market leading, simultaneous twin dispense system allows two drinks to be served at the same time
- Sophisticated 'true' espresso high pressure brewing system
- High precision conical grinding and volumetric dosing systems ensure perfect espresso time after time
- Fresh leaf tea brewer serves freshly brewed tea to the same high standard
- High speed, precision balanced mixing systems deliver coffee shop quality results from granulated milk
- Up to 6 high capacity ingredient canisters for granulated milk and chocolate plus your choice of sugar, instant coffee or decaf coffee for example
- 28 one-touch selection keys all keys fully reprogrammable for any recipe selection
- Strong metal cabinet with stainless steel detailing finished in a range of standard colours
- Neon-effect backlighting with choice of colour options
