The MILANO

The Milano by DarenthMJS is an exceptionally compact, yet feature packed and truly versatile total drinks dispense solution ideal for larger sites who need high quality beverages served both quickly and efficiently and offering users a huge choice of delicious taste options.

Whether it's simply a smooth, dark and aromatic black coffee that 'takes your fancy', a highly whipped and frothy, deliciously tempting cappuccino, or a rich, creamy indulgent café mocha, the incredibly compact, feature packed and totally dependable Milano by DarenthMJS does it all with style and complete convenience.

The Milano is also available in stunning new metallic effect silver

OTHER FEATURES

Optional dual cup management system allows cold or standard drinks to be served in plastic cups whilst speciality beverages can be served in paper for the "coffee shop" feel.

Dual cup system can alternatively allow users to choose standard or large portion size of any beverage on offer!

All drink option keys are entirely reconfigurable for any recipe selection.

Incredibly compact, fully featured machine, just 0.4 sq.metres floor space!

All drinks are served at convenient waist height - eliminates having to bend down to collect drinks like on other machines.

Optional cold drink system capable of serving *ice cold* still and sparkling waters, together with up to 4 delicious syrup based flavourings.

Alternatively, syrup flavourings can also be used for speciality drinks such as Amaretto, Irish Cream, Vanilla, etc - add a touch of indulgence!

Electronically controlled, fully automatic cup door with brightly illuminated dispense area maintains security and ensures user safety during drink dispense.

The Milano by DarenthMJS is quite simply the most feature packed, extremely competent and highly cost effective fully automatic drinks dispense system available today. Serving a wide range of delicious speciality beverages together with optional refreshingly *ice cold* drinks, the Milano is sure to receive a warm welcome wherever it is introduced.

Dual cup management system option - unique on a machine of this size

Brightly illuminated cup station with electronically controlled security door serving all drinks at convenient height

Graphical strength adjustment feature - allows users to "fine tune" their chosen drink to their own precise taste preference - just like at home!

The Milano is available in a range of colours, graphics and branding options. Please ask your DarenthMJS authorised dealer for latest details.
