

Elevate

Quartz and Diamond

westomatic
British Vending Excellence Since 1966

Modern, high turn over, high capacity machines.
Bottles and cans, vended with style.

Elevate

Modern, High Turn Over, High Capacity Machines

The Elevate range of machines have been designed with a simple idea in mind - high turn over.

Available in two models - Quartz and Diamond. Each model is available in two sizes M and L. Alongside its clean lines, the Elevate features a stunning, operator friendly touch screen (Diamond) to increase advertising revenue or a simple, user friendly keypad (Quartz). The experience of the elevator mechanism delivering your drink has demonstrable theatrical value, encouraging repeat purchases as well as being functionally superior to non-elevator drinks machines.

The Elevate delivers energy efficiency with an A++ energy rating and the ability to set power timers; allowing you to cut running costs by switching the machine off overnight or at weekends.

Elevate Dimensions: (H) x (W) x (D)

Quartz M - 1,830 x 990 x 880mm

Quartz L - 1,830 x 1,140 x 880mm

Diamond M - 1,830 x 990 x 895mm

Diamond L - 1,830 x 1,140 x 895mm

Feature-rich cold drink vending with a contemporary-edge

Featuring a 7" High Definition Display and integrated USB, the Elevate Diamond benefits from the latest technology:

- » Download customer statistics easily
- » Advertising opportunities
- » Sales summaries: See £s spent per item, per shelf or for the whole machine
- » Upload images and videos to the screen simply via USB
- » Away with codes! Clear on-screen messages for diagnosis and maintenance
- » Clone machine configuration including prices/ Images/videos and products via USB
- » Configurable Happy Hour pricing
- » Assign images to each product
- » Set multi-product 'deals' i.e. Buy A0 and A1 as a combo and save £X
- » Split pricing available - pay using cashless and save

Quartz/Diamond M - 7 selections per shelf, up to 8 shelves, up to 56 selections

Quartz/Diamond L - 9 selections per shelf, up to 8 shelves, up to 72 selections

Rock solid delivery system • Low Maintenance • Energy Rating A++ • Multiple configurations
